

Toorak East Malvern Hockey Club

Registration/Fees Policy 2013

Payments:

No player can play without having completed a registration form. Signing off the declaration form is critical for the clubs risk management, as it ensures that the player agrees to the terms and conditions.

Payment can be made on completion of the registration form, or player will be invoiced in round 2 for payment to be made prior to commencing round 4.

Players who have not paid by the commencement of round 4 will have reminders sent, with a late payment fee of \$25 added.

Players who have not paid by the commencement of round 6 will not be selected. The club reserves the right to refer the debt to an external collection agency to collect payment on behalf of the Club.

ALL players will pay the designated fee at the start of the season, unless written specific communication is received by the Treasurer from the relevant Division Vice President.

Players will need to settle all outstanding fees from prior seasons (summer, winter, indoor competitions) before being eligible for selection.

Who Pays Fees?

All players are required to pay fees at the commencement of the season. This includes player coaches who may be eligible for a refund at the end of the season.

All refunds will be at the discretion of the Division Vice President.

When Can we Pay Fees?

Juniors: Payment and completion of forms to be on registration day wherever possible, or as close to this day as practicable.

Seniors and VETS: Payment and completion of forms to be on registration day wherever possible, or as close to this day as practicable.

Players who choose to be invoiced will be invoiced under the conditions outlined under "Payments".
